1 Executive Summary

This Construction Compliance Report is written in accordance with the Compliance Reporting Post Approval Requirements (Department of Planning and Environment 2018).

2 Introduction

The following information is taken from the Development Consent for SSD 10397.

2.1 Project Name and Application Number

Project Name: Oakdale West Industrial Estate

Application Number: SSD 10397

2.2 Modifications to SSD 10397

NIL

2.3 Purpose of this Report

This report is the **Construction Compliance Report** as required by Section 2.1 Compliance Monitoring and Reporting Schedule within the Compliance Reporting Post Approval Requirements (Department of Planning and Environment 2018).

This report has been prepared and structured to address the relevant Conditions of Consent (CoCs) for the Oakdale West Industrial Estate SSD 10397 planning approval.

Table 1 cross-references sections in this report that address the applicable planning approval requirements

Table 1 Planning Approval Requirements

D14	Compliance Reports of the Development must be carried out in accordance with the Compliance Reporting Post Approval Requirements (Department 2018).
D15	The Applicant must make each Compliance Report publicly available no later than 60 days after submitting it to the Department and notify the Department in writing at least 7 days before this is done.

2.4 Project address

The Project is located at 2 Aldington Road Kemp's Creek NSW and is comprised of Lot 11 DP 1178389.

2.5 Description of Project

The concept proposal for SSD 10397 is described as;

Oakdale West Estate Stage 2 Development including construction, subdivision, fitout, operation and use of a four level automated warehouse, associated office space, internal roads and parking.

2.6 Compliance Reporting Schedule

This Report is for the **First Quarter (QTR1)** Compliance Report of the construction phase of the development. Table 2 gives the proposed schedule for compliance reporting.

Table 2 – Compliance Reporting Schedule

Compliance Report	Phase	Timing
Pre-Construction Compliance Report	Pre-Construction	Submitted 1 JUNE 2020
Notes:	Construction commenced 2 JUNE 2020 First post construction commencement EC Monthly report submitted (14 JULY 2020)	
Construction Compliance Report QTR 1 (This document)	Construction	SEPT 2020
Construction Compliance Report QTR 2	Construction	DEC 2020
Construction Compliance Report QTR 3 If required	Construction	MAR 2021
Operation Compliance Report	Operation	TBA
Post-Decommissioning Compliance Report	Decommissioning	TBA

2.7 Project Activity Summary

Works at Building /LOT 2B within the Oakdale West Industrial Estate commenced 2nd June 2020.

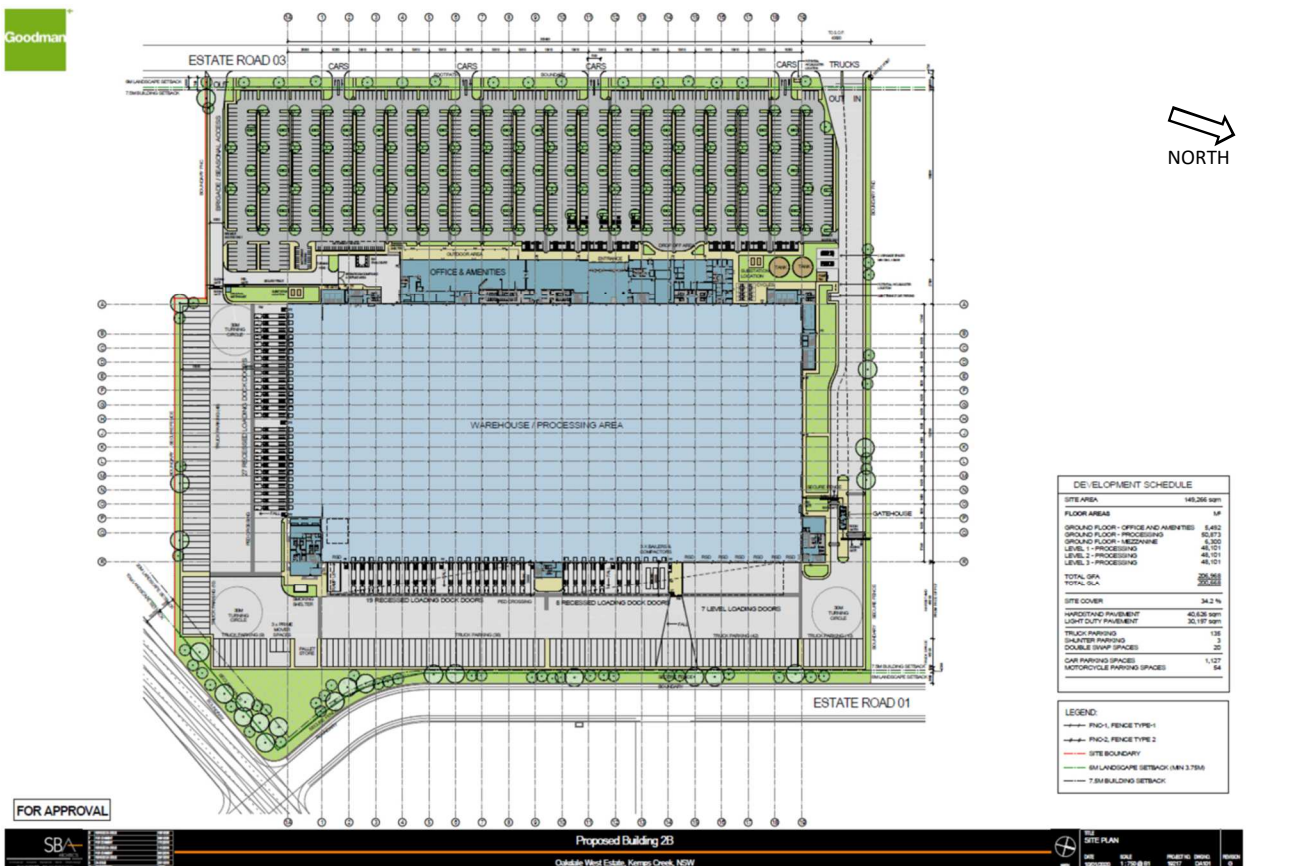

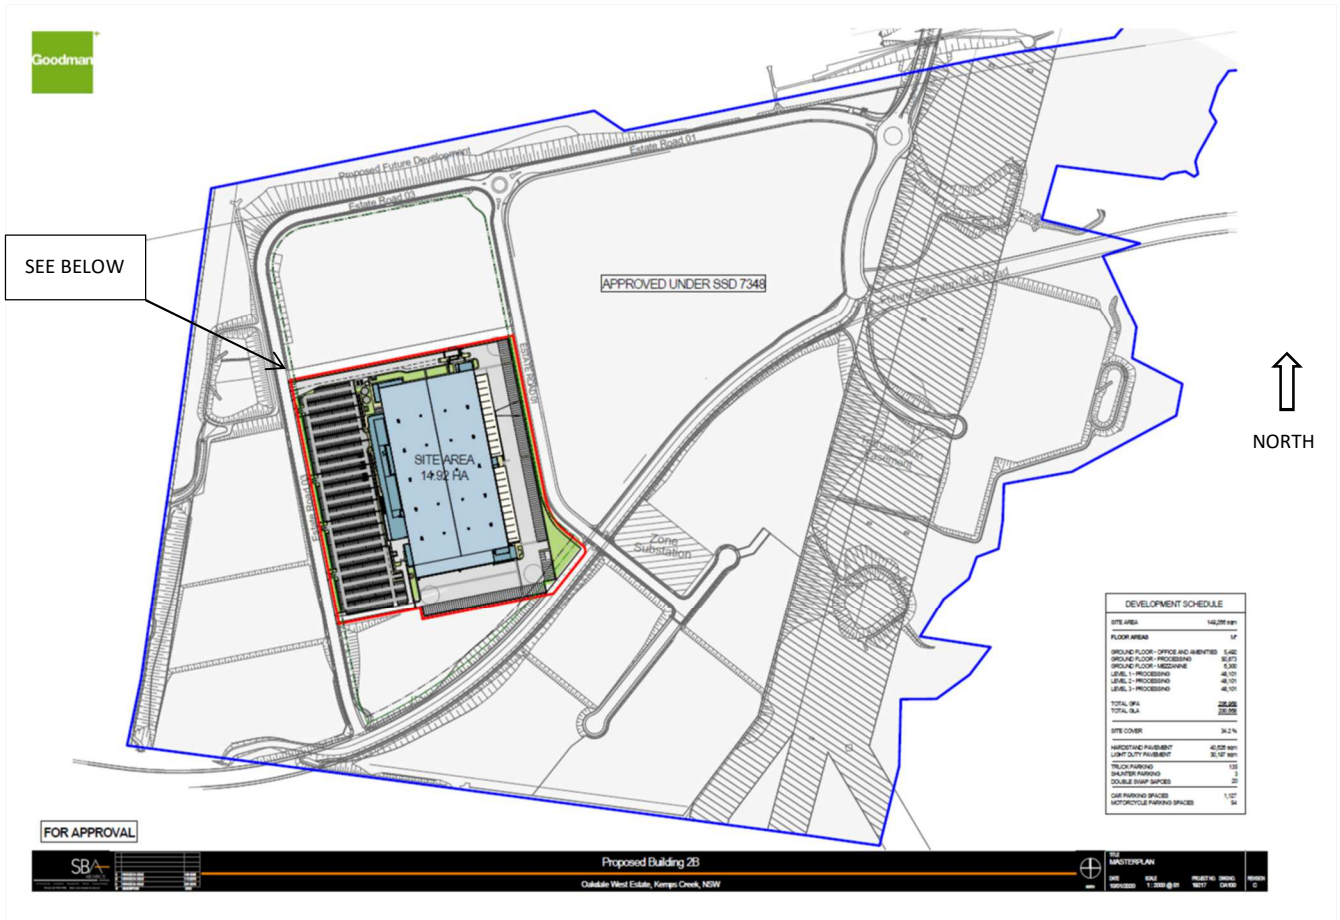

The works for each aspect of the project during the reporting period are summarised below.

Works at the site to the end of the reporting period were;

- Concrete works for footings
- Stormwater and drainage installation
- Excavations
- Structural Steel erection
- Roof installation
- Steel fixing
- External wall cladding
- Plumbing works
- Site Sheds Delivery & Setup
- Scaffold Stretcher Stair
- Floor installation and concrete slab preparation
- External wall cladding
- concrete slab pours on level 1
- Column pumping to fill columns
- High Voltage electrical installation works
- Pre-Cast panel installation
- Glazing / Windows Installation

2.8 Project General Arrangement

Figure 1 below gives the General Arrangement for the works under SSD 10397

2.9 Key Project Personnel

Work Health and Safety (WHS) Coordinator	Jason Baker	QANSTRUCT	0448 877 097 jbaker@qanstruct.com.au

3 Compliance Status Summary

The compliance table provided as **Appendix B** demonstrates the compliance with conditions of consent for SSD 10397

The terminology within **Table 2** has been used to describe compliance status within the Compliance Report Provided at Appendix B. Only these terms are used to describe the compliance status.

Table 4 Compliance Status Descriptors

Compliant	The proponent has collected sufficient verifiable evidence to demonstrate that all elements of the requirement have been complied with.
Non-Compliant	The proponent has identified a non-compliance with one or more elements of the requirement.
Not triggered	A requirement has an activation or timing trigger that has not been met at the phase of the development when the compliance assessment is undertaken; therefore an assessment of compliance is not relevant.

Construction Compliance Reports will be issued quarterly from the date of Construction commencement. A schedule for these reports will be confirmed within the first Construction Compliance Report.

Other compliance reports will be issued in accordance with Sec. 2.1 of the Compliance Reporting Post Approval Requirements (Department of Planning and Environment 2018).

3.1 Non Compliances

There have been two instances of non-compliance identified during this period.

The non-compliances were reported in accordance with conditions C11 and C12 and are detailed following.

3.1.1 Condition B13

Condition B13 requires that;

The Applicant must ensure:

- (a) no fill material is transported to the site via Bakers Lane or Aldington Road;
- (b) construction traffic does not use Bakers Lane during the hours of 8 am – 9.30 am and 2.30 pm – 4 pm, Monday to Friday when schools are in use, to avoid conflict with peak school traffic on Bakers Lane;
- (c) construction traffic only uses Abbotts Road and Aldington Road to access the site during the hours of 8 am – 9.30 am and 2.30 pm – 4pm, Monday to Friday, when schools are in use, subject to Conditions B9 and B12; and
- (d) all construction traffic associated with the development ceases to use Bakers Lane and Aldington Road when the Western North-South Link Road opens to traffic.

3.1.2 Observations

10/06/20

Two vehicles used Bakers Lane during the 8am to 9:30am period in breach of condition B13 (b),

- A courier truck was delivering supplies. The supplier was informed of the site access restrictions however the delivery subcontractor did not have this information passed to them.

- A concrete tester came to site – the concrete company was made aware of the access restrictions however this information was not passed onto the concrete tester who was not normally engaged at the site.

18/08/20

A Truck used Bakers Lane during the 8am to 9:30am period in breach of condition B13 (b).

- A delivery truck was engaged by a rigging contractor to deliver a forklift to site.
- The rigging contractor was made aware of the access restrictions however these restrictions were not passed onto the delivery subcontractor.

The Primary Contractor (QANSTRUCT) has indicated the following in response;

- QANSTRUCT have installed a manned Gatehouse to prevent non-compliances resulting from construction traffic exiting the site to Bakers Lane during the restricted hours indicated in B13 (b).
- A notice was re-issued to all companies/subcontractors confirming access restrictions.
- The issue of subcontractor access was tabled at the next subsequent sub-contractor meeting (20 AUG 20).
- Sub-contractors were informed that further breaches will result in sub-contractors being required to prepare a driver and delivery schedule and no access outside that which is indicated on the schedule will be allowed.
- Installation of a camera system to monitor and report on vehicle movements is proposed.

No further action is required in relation to this noncompliance.

3.2 Recommended Actions

Recommended actions identified associated with Non-Compliances are included within Section 3.1 above. Identified areas of improvement which do not constitute non compliances are detailed at 3.2.1 following.

3.2.1 Identified Areas of Improvement

Examination of the coordination of dewatering activities with the primary contractor for SSD7348 was undertaken Aug 2020. A new agreed procedure was established where the Project Manager for the construction of the Oakdale West Infrastructure works is required to sign off the timing and location for water being pumped from the Lot 2b development

4 Previous Report Actions

NIL

5 Incidents

There have been no incidents, defined by the Conditions of Consent as;

“ An occurrence or set of circumstances that causes or threatens to cause material harm and which may or may not be or cause non-compliance”

6 Complaints

There have been no complaints recorded for this Project.

Appendix A

Compliance Report Declaration Form

Project Name : Oakdale West Industrial Estate

Project Application Number : SSD 10397

Description of Project :

The concept proposal is described as Oakdale West Estate Stage 2 Development including;

- construction, subdivision, fitout, operation and
- use of a four level automated warehouse, associated office space, internal roads and parking.

Project Address: 2 Aldington Road, Kemps Creek NSW

Proponent: Goodman Property Services (Aust) Pty Ltd

Title of Compliance Report: Pre-Construction Compliance Report

Date:

I declare that I have reviewed relevant evidence and prepared the contents of the attached Compliance Report and to the best of my knowledge:

- the Compliance Report has been prepared in accordance with all relevant conditions of consent;
- the Compliance Report has been prepared in accordance with the Compliance Reporting Post Approval Requirements;
- the findings of the Compliance Report are reported truthfully, accurately and completely;
- due diligence and professional judgement have been exercised in preparing the Compliance Report; and
- the Compliance Report is an accurate summary of the compliance status of the development.

Notes:

- Under section 10.6 of the Environmental Planning and Assessment Act 1979 a person must not include false or misleading information (or provide information for inclusion in) a report of monitoring data or an audit report produced to the Minister in connection with an audit if the person knows that the information is false or misleading in a material respect. The proponent of an approved project must not fail to include information in (or provide information for inclusion in) a report of monitoring data or an audit report produced to the Minister in connection with an audit if the person knows that the information is materially relevant to the monitoring or audit. The maximum penalty is, in the case of a corporation, \$1 million and for an individual, \$250,000; and
- The Crimes Act 1900 contains other offences relating to false and misleading information: section 307B (giving false or misleading information – maximum penalty 2 years’ imprisonment or 200 penalty units, or both).

Oakdale West Industrial Estate: Stage 2: SSD 10397 Construction Compliance Report

Unique ID	Compliance Requirement / Development Consent Condition	Development Phase	Monitoring Methodology	Comments / Evidence	Compliance Status
SCHEDULE 2					
PART A – ADMINISTRATIVE CONDITIONS					
OBLIGATION TO MINIMISE HARM TO THE ENVIRONMENT					
A1.	In addition to meeting the specific performance measures and criteria in this consent, all reasonable and feasible measures must be implemented to prevent, and if prevention is not reasonable and feasible, minimise, any material harm to the environment that may result from the construction and operation of the development, and any rehabilitation required under this consent.	At all times	Ongoing and regular inspections by Principals Snr Project Managers Delegate and Environmental Consultant Ongoing confirmation of application of Environmental Management Plans	Regular EC inspections and Audits	COMPLIANT
TERMS OF CONSENT					
A2.	The development may only be carried out: (a) in compliance with the conditions of this consent; (b) in accordance with all written directions of the Planning Secretary; (c) in accordance with the EIS and RTS; (d) in accordance with the Development Layout in Appendix 1 ; and (e) in accordance with the management and mitigation measures in Appendix 3 .	At all times	Ongoing and regular inspections by Principals Contract Snr Project Managers Delegate and Environmental Consultant. Ongoing confirmation of application of Environmental Management Plans	See details of identified and reported non compliances Section 3	NON-COMPLIANT
A3.	Consistent with the requirements in this consent, the Planning Secretary may make written directions to the Applicant in relation to: (a) the content of any strategy, study, system, plan, program, review, audit, notification, report or correspondence submitted under or otherwise made in relation to this consent, including those that are required to be, and have been, approved by the Planning Secretary; and (b) the implementation of any actions or measures contained in any such document referred to in condition A3.	At all times			NOT TRIGGERED
A4.	The conditions of this consent and directions of the Planning Secretary prevail to the extent of any inconsistency, ambiguity or conflict between them and a document listed in condition (c). In the event of an inconsistency, ambiguity or conflict between any of the documents listed in condition (c), the most recent document prevails to the extent of the inconsistency, ambiguity or conflict.	At all times			NOT TRIGGERED

LIMITS OF CONSENT																															
Lapsing																															
A5.	This consent lapses five (5) years after the date from which it operates, unless the development has physically commenced on the land to which the consent applies before that date.				NOT TRIGGERED																										
A6.	The total area of warehousing and office space at the development must not exceed a maximum gross lettable area of 200,700 square metres.	At all times	Confirmation by Construction Certifier to be sighted.		NOT TRIGGERED																										
A7.	The Applicant must ensure construction of the development does not generate more than 935 vehicle trips (1,870 total vehicle movements) during the day, evening and night, on the public road network. <i>Note: This condition does not apply to construction vehicles using the West-North-South Link Road.</i>	At all times	Vehicle movements to be monitored and reported in accordance with the requirements of the project CTMP		NOT TRIGGERED																										
A8.	The Applicant must keep accurate records of the number of vehicles entering or leaving the site, for the duration of construction and provide these records to the Planning Secretary on request.	During Construction	Vehicle movements to be monitored and reported in accordance with the requirements of the project CTMP	EC sighted Qanstruct Car Truck Register	COMPLIANT																										
A9.	The development must be consistent with the development controls in the OWE, as shown in Table 1 . Table 1 Development Controls	Applicable to design	Confirmation by Construction Certifier to be sighted.	Sighted Confirmation letter from SBA Architects 12 MAY 2020	COMPLIANT

Minimum lot size	5,000 m ²																														
Minimum frontage	40 m (excluding cul-de-sacs) 35 m minimum lot width at the building line																														
Site coverage	Maximum of 65 per cent (excluding awnings)																														

NOTIFICATION OF COMMENCEMENT					
A10.	The date of commencement of each of the following phases of the development must be notified to the Department in writing, at least one month before that date: (a) construction, excluding any early pre-construction works, such as installation of erosion and sediment controls or laydown of construction materials; and	One month prior to commencement of construction		Sighted email GPS to DPIE, 6 APRIL 2020	COMPLIANT
	(b) operation.	One month prior to commencement of Operations			NOT TRIGGERED
A11.	If the construction or operation or decommissioning of the development is to be staged, the Department must be notified in writing at least one month before the commencement of each stage, of the date of commencement and the development to be carried out in that stage.	One month prior to commencement of construction or operation		Staging of development not proposed	NOT TRIGGERED
EVIDENCE OF CONSULTATION					
A12	Where conditions of this consent require consultation with an identified party, the Applicant must: (a) consult with the relevant party prior to submitting the subject document to the Planning Secretary for approval; and	As required by relevant condition		See relevant consent condition	COMPLIANT
	(b) provide details of the consultation undertaken including: (i) the outcome of that consultation, matters resolved and unresolved; and (ii) details of any disagreement remaining between the party consulted and the Applicant and how the Applicant has addressed the matters not resolved.	As required by relevant condition		See relevant consent condition	COMPLIANT
STAGING, COMBINING AND UPDATING STRATEGIES, PLANS OR PROGRAMS					
A13.	With the approval of the Planning Secretary, the Applicant may: (a) prepare and submit any strategy, plan or program required by this consent on a staged basis (if a clear description is provided as to the specific stage and scope of the development to which the strategy, plan or program applies, the relationship of the stage to any future stages and the trigger for updating the strategy, plan or program); (b) combine any strategy, plan or program required by this consent (if a clear relationship is demonstrated between the strategies, plans or programs that are proposed to be combined); and (c) update any strategy, plan or program required by this consent (to ensure the strategies, plans and programs required under this consent are updated on a regular basis and incorporate additional measures or amendments to improve the environmental performance of the development).	At all times		Staging of development not proposed	NOT TRIGGERED

Oakdale West Industrial Estate: Stage 2: SSD 10397 Construction Compliance Report

A14.	If the Planning Secretary agrees, a strategy, plan or program may be staged or updated without consultation being undertaken with all parties required to be consulted in the relevant condition in this consent.	At all times		Staging of development not proposed	NOT TRIGGERED
A15.	If approved by the Planning Secretary, updated strategies, plans or programs supersede the previous versions of them and must be implemented in accordance with the condition that requires the strategy, plan or program.	At all times			NOT TRIGGERED
A16.	Before the commencement of construction, the Applicant must: (a) consult with the relevant owner and provider of services that are likely to be affected by the development to make suitable arrangements for access to, diversion, protection and support of the affected infrastructure;	Prior to commencement of construction		Sighted letter from GPS to PCA confirming no existing utility services at premises e	COMPLIANT
	(b) prepare a dilapidation report identifying the condition of Aldington Road and Abbotts Road (between the site and Mamre Road), including roads, gutters and footpaths; and	Prior to commencement of construction		Sighted dilapidation report James Townsend Dilapidation Surveys Pty Ltd 4 APRIL 2020	COMPLIANT
	(c) submit a copy of the dilapidation report the Planning Secretary and Council.	Prior to commencement of construction		Sighted email link to transfer to PCC 9 APRIL 2020	COMPLIANT
A17.	Unless the Applicant and the applicable authority agree otherwise, the Applicant must: (a) repair, or pay the full costs associated with repairing, any public infrastructure that is damaged by carrying out the development, including but not limited to, Bakers Lane, Aldington Road and Abbotts Road; and (b) relocate, or pay the full costs associated with relocating, any public infrastructure that needs to be relocated as a result of the development, including but not limited to, Bakers Lane, Aldington Road and Abbotts Road.	At all times			NOT TRIGGERED
STRUCTURAL ADEQUACY					
A18.	All new buildings and structures, and any alterations or additions to existing buildings and structures, that are part of the development, must be constructed in accordance with the relevant requirements of the National Construction Code (NCC). Note: ☑ Under Part 6 of the EP&A Act, the Applicant is required to obtain construction and occupation certificates for the proposed building works. ☑ Part 8 of the EP&A Regulation sets out the requirements for the certification of the development.	During construction	Certification by design architect	Sighted Structural Design Certification –Costin Roe Consulting to QANSTRUCT 16 APRIL 2020	COMPLIANT
COMPLIANCE					
A19.	The Applicant must ensure that all of its employees, contractors (and their sub-contractors) are made aware of, and are instructed to comply with, the conditions of this consent relevant to activities they carry out in	During Construction	Environment Consultant to sight and confirm staff and contractor inductions in accordance with the	EC undertook full induction to confirm in accordance with CEMP	COMPLIANT

	respect of the development.		approved CEMP	(27 JULY 20)	
OPERATION OF PLANT AND EQUIPMENT					
A.20	All plant and equipment used on site, or to monitor the performance of the development must be: (a) maintained in a proper and efficient condition; and (b) operated in a proper and efficient manner.	During Construction	EC to sight and confirm staff and contractor inductions in accordance with the approved CEMP	Blue Glue Records sighted. Blue Glue requires induction and plant service records to be uploaded prior to site entry	COMPLIANT
EXTERNAL WALLS AND CLADDING					
A21.	The external walls of all buildings including additions to existing buildings must comply with the relevant requirements of the NCC.	Applicable to design	EC to sight confirmation letter from design Architect to PCA	Sighted Confirmation letter from SBA Architects 27 MAY 2020	COMPLIANT
A22.	Before the issue of a Construction Certificate and an Occupation Certificate, the Applicant must provide the Certifying Authority with documented evidence that the products and systems proposed for use or used in the construction of external walls including finishes and claddings such as synthetic or aluminium composite panels comply with the requirements of the NCC.	Prior to construction Prior to issue of a Construction Certificate	EC to sight confirmation letter from design Architect to PCA	Sighted Confirmation letter from SBA Architects 27 MAY 2020	COMPLIANT
A23.	The Applicant must provide a copy of the documentation given to the Certifying Authority to the Planning Secretary within seven days after the Certifying Authority accepts it.	Prior to Construction	EC to sight submission to Planning Secretary and CA acceptance	Uploaded to DPIE 02/06/20	COMPLIANT
UTILITIES AND SERVICES					
A24.	Before the construction of any utility works associated with the development, the Applicant must obtain relevant approvals from service providers.	Prior to Construction of Utility works		Sighted letter Endeavour Energy to JDG Consulting UIL5802 – 2019/02200/001 27 APRIL 2020 Sighted Works Deed – Sydney Water (Case no 182879) Sighed NBN Current Design Drawing	COMPLIANT
A25.	Before the commencement of operation of the development, the Applicant must obtain a Compliance Certificate for water and sewerage infrastructure servicing of the site under section 73 of the <i>Sydney Water Act 1994</i> (NSW).	Prior to Operation	EC to sight compliance Certificate under sec 73 of the Sydney Water Act 1994		NOT TRIGGERED
A26.	Before the issue of a Subdivision or Construction Certificate for the development, the Applicant (whether or not a constitutional corporation) is to provide evidence, satisfactory to the Certifying Authority, that arrangements have been made for the provision of communication facilities to the development.	Prior to issue of the Construction Certificate		NBN Current Design Drawing submitted to PCA and CC issued 28 MAY 2020	COMPLIANT
A27.	The Applicant must demonstrate that the carrier has confirmed in writing	Prior to Operation	EC to sight written confirmation		NOT

Oakdale West Industrial Estate: Stage 2: SSD 10397 Construction Compliance Report

	they are satisfied that the fibre ready facilities are fit for purpose.				TRIGGERED
A28.	The Applicant must comply with the requirements of Endeavour Energy for the location and design of the pad mounted substations for the development. The Applicant must submit evidence of compliance prepared by a Level 3 Accredited Service Provider to the satisfaction of Endeavour Energy, prior to the commencement of construction.	At all times		Sighted letter Endeavour Energy to JDG Consulting UIL5802 – 2019/02200/001 27 APRIL 2020	COMPLIANT
A29.	The Applicant must obtain any other relevant approvals from Endeavour Energy, prior to the commencement of construction.	Prior to Construction		Sighted letter Endeavour Energy to JDG Consulting UIL5802 – 2019/02200/001 27 APRIL 2020	COMPLIANT
SUBDIVISION					
A30.	The Applicant shall subdivide the site generally in accordance with the subdivision plan included in the EIS.	At all times	EC to review and cite certifications and correspondence from PCA confirming Subdivision in accordance with the Sub division plan	Sighted CC issued 28 MAY 2020	COMPLIANT
WORKS AS EXECUTED PLANS					
A31.	Before the issue of the final Occupation Certificate, works-as-executed drawings signed by a registered surveyor demonstrating that the stormwater drainage and finished ground levels have been constructed as approved, must be submitted to the PCA.	Prior to issue of the final Occupation Certificate	EC to sight submission of WAE to PCA		NOT TRIGGERED
APPLICABILITY OF GUIDELINES					
A32.	References in the conditions of this consent to any guideline, protocol, Australian Standard or policy are to such guidelines, protocols, Standards or policies in the form they are in as at the date of this consent.	At all times			NOT TRIGGERED
A33.	However, consistent with the conditions of this consent and without altering any limits or criteria in this consent, the Planning Secretary may, when issuing directions under this consent in respect of ongoing monitoring and management obligations, require compliance with an updated or revised version of such a guideline, protocol, Standard or policy, or a replacement of them.	At all times			NOT TRIGGERED
ADVISORY NOTES					
AN1.	All licences, permits, approvals and consents as required by law must be obtained and maintained as required for the development. No condition of this consent removes any obligation to obtain, renew or comply with such licences, permits, approvals and consents.	At all times		This PCCMR	COMPLIANT

SCHEDULE B – ENVIRONMENTAL PERFORMANCE CONDITIONS

Oakdale West Industrial Estate: Stage 2: SSD 10397 Construction Compliance Report

VISUAL AMENITY					
Building Design					
B1.	The Applicant must construct Building 2B in accordance with the EIS and RTS and as shown on the figures in Appendix 1.	Prior to Commencement of Construction	EC to sight written confirmation by design Architect	Sighted Confirmation letter from SBA Architects 12 MAY 2020	COMPLIANT
Landscape Plan					
B2.	Prior to the commencement of construction of Building 2B, the Applicant must prepare a detailed Landscape Plan in consultation with Council and to the satisfaction of the Planning Secretary. The Landscape Plan must: (a) detail the plant species and layouts for all areas of the development; (b) include a diverse mix of species to provide canopy trees and understorey planting, to assist in achieving the objectives of Council's Cooling the City Strategy; (c) detail monitoring and maintenance procedures, including irrigation requirements.	Prior to Commencement of Construction	EC to sight Project LMP and Approval / Acceptance by Planning Secretary	Sighted LMP – SCAPE R2 23 APRIL 2020 & Confirmation of acceptance by DPIE 7 MAY 2020	COMPLIANT
B3.	The Applicant must: (a) not commence construction of Building 2B until the Landscape Plan is approved by the Planning Secretary.	Prior to Commencement of Construction		Confirmation of acceptance by DPIE 7 MAY 2020	COMPLIANT
	(b) must implement the most recent version of the Landscape Plan approved by the Planning Secretary; and	At all times	EC to monitor implementation of LMP during construction period.	Sighted LMP – SCAPE R2 23 APRIL 2020 as most current	COMPLIANT
	(c) maintain the landscaping and vegetation on the site in accordance with the approved Landscape Plan for the life of the development. If the monitoring carried out as part of condition B2 indicates that any aspect of the landscaping has not been successful, the Applicant must undertake replanting and rehabilitation works, as reasonably practicable.	At all times	EC to monitor implementation of LMP during construction period.	Regular and ongoing inspection and reporting by EC during construction period	COMPLIANT
Reflectivity					
B4.	The visible light reflectivity from building materials used in the façades and roof of the warehouse building must be designed to minimise glare. A report demonstrating compliance with these requirements is to be submitted to the satisfaction of the Certifying Authority prior to the issue of a Construction Certificate.		EC to sight confirmation letter from design Architect to PCA	Sighted Confirmation letter from SBA Architects 27 MAY 2020	COMPLIANT
Lighting and Security Cameras					

Oakdale West Industrial Estate: Stage 2: SSD 10397 Construction Compliance Report

B5.	The Applicant must ensure the lighting associated with the development: (a) complies with the latest version of AS 4282-1997 – <i>Control of the obtrusive effects of outdoor lighting</i> (Standards Australia, 1997); and (b) is mounted, screened and directed in such a manner that it does not create a nuisance to surrounding properties or the public road network.	At all times			NOT TRIGGERED
B6.	The Applicant must ensure any security cameras or illuminated signage installed as part of the development are directed away from adjacent private properties.	At all times			NOT TRIGGERED
Signage and Fencing					
B7.	All signage and fencing must be erected in accordance with the development plans included in the EIS and RTS. <i>Note: This condition does not apply to temporary construction and safety related signage and fencing.</i>	Prior to Operation			NOT TRIGGERED
B8.	All fencing along building frontages must be located behind the landscape setbacks and not along the front boundary. The fencing must be a maximum height of 2.1 metre and be an open style.	Prior to Operation			NOT TRIGGERED
TRAFFIC, ACCESS AND PARKING					
Roadworks					
B9.	Prior to any use of Aldington Road and Abbotts Road for construction traffic, the Applicant must submit a Construction Traffic Management Plan (CTMP) to the satisfaction of Council. The CTMP shall be: (a) prepared in accordance with Council's Engineering Construction Specification for Civil Works (b) be prepared by a suitably qualified consultant with appropriate training and certification from TfNSW; (c) be approved by Council, prior to any construction traffic using Aldington Road and Abbotts Road; (d) include but not be limited to: (i) swept path analysis at critical points (bends and intersections) along the entire Aldington Road / Abbotts Road route for the largest proposed vehicle to use this route; (ii) a detailed road safety audit of the Aldington Road / Abbotts Road route that factors the increase in traffic volumes (both in light & heavy vehicles), and proposes measures such that the road can safely accommodate this increase (including upgrades to road infrastructure, signage and line marking treatments, vehicle length restrictions and temporary traffic control measures during the construction period);	Prior to use of Aldington Road or Abbotts Road	EC to sight submission of CTMP to Council and Acceptance prior to authority given to contractor to use Aldington Rd and Abbotts Rd	Letter DPIE to GPA 29 June Confirming review and acceptance of <ul style="list-style-type: none">• CTMP (ref Cond.B9)• Council & LTC Approval of CTMP (ref Cond. B10)• Sec 138 of Roads Act Approval (ref Cond. B11)• Confirmation of Completion to satisfaction of Council (ref Cond. B12)	COMPLIANT

Oakdale West Industrial Estate: Stage 2: SSD 10397 Construction Compliance Report

	(iii) left-in, left-out restrictions at the intersection with Mamre Road for construction vehicles.				
B10.	The CTMP and any proposed measures must be to the satisfaction of Council and will be subject to Local Traffic Committee and Council approval.	At all times	EC to sight submission of CTMP to Council and Acceptance prior to authority given to contractor to use Aldington Rd and Abbotts Rd		COMPLIANT
B11.	Prior to any works (infrastructure, signage and line marking) that are on or affect a local road, a Section 138 <i>Roads Act, 1993</i> application shall be lodged and approved by Council. All works shall be carried out in accordance with the Roads Act approval, and Council's specification, guidelines and best engineering practice.	Prior to works on local Roads			COMPLIANT
B12.	The Applicant must provide written evidence to the satisfaction of the Planning Secretary, demonstrating the roadworks required by condition B9 and B10 have been completed to the satisfaction of Council, prior to using Abbotts Road and Aldington Road for construction access.	Prior to use of Aldington Road or Abbotts Road			COMPLIANT
Construction Access					
B13.	The Applicant must ensure: (a) no fill material is transported to the site via Bakers Lane or Aldington Road; (b) construction traffic does not use Bakers Lane during the hours of 8 am – 9.30 am and 2.30 pm – 4 pm, Monday to Friday when schools are in use, to avoid conflict with peak school traffic on Bakers Lane; (c) construction traffic only uses Abbotts Road and Aldington Road to access the site during the hours of 8 am – 9.30 am and 2.30 pm – 4pm, Monday to Friday, when schools are in use, subject to Conditions B9 and B12; and (d) all construction traffic associated with the development ceases to use Bakers Lane and Aldington Road when the Western North-South Link Road opens to traffic.	During Construction	EC to review application, Monitoring and reports in accordance with the approved CTMP	Regular and ongoing inspection and audit of documentation by EC See details of identified and reported Non Compliances Section 3	NON-COMPLIANT
Operational Access					
B14.	The Applicant must ensure all traffic associated with operation of the development accesses the site from the Western North-South Link Road, and the future Southern Link Road, and does not use Bakers Lane or Aldington Road.	During Operation	EC to review application, Monitoring and reports in accordance with the approved CTMP	Regular and ongoing inspection and audit of documentation by EC	NOT TRIGGERED

Construction Traffic Management Plan					
B15.	<p>Prior to the commencement of construction of the development, the Applicant must prepare a Construction Traffic Management Plan (CTMP) to the satisfaction of the Planning Secretary. The plan must form part of the CEMP required by condition C2 and must:</p> <ul style="list-style-type: none"> (a) be prepared by a suitably qualified and experienced person(s); (b) be prepared in consultation with Council, TfNSW, Mamre Anglican School, Emmaus Catholic College, Emmaus Catholic Care Village and Trinity Catholic Primary School; (c) detail specific measures to manage construction traffic to avoid school drop-off and pick-up times (8 am – 9.30 am and 2.30 pm – 4 pm, Monday to Friday), when the schools are in use, and Higher School Certificate exam periods, including any temporary infrastructure arrangements and traffic safety measures; (d) detail the measures to be implemented to ensure road safety and network efficiency during construction, including scheduling deliveries of heavy plant and equipment outside of peak periods, or during school holidays where possible; (e) detail heavy vehicle routes, access and parking arrangements; (f) include a Driver Code of Conduct to: <ul style="list-style-type: none"> (i) minimise the impacts of construction on the local and regional road network; (ii) minimise conflicts with other road users; (iii) minimise road traffic noise, particularly during night-time periods; and (iv) ensure truck drivers use specified routes; (g) include a program to monitor the effectiveness of these measures; and (h) detail procedures for early notification for residents and the community (including local schools), of any potential disruptions to routes. 	Prior to Construction	EC to sight DPIE Approval of CTMP	Letter from DPIE to GPS Aus Pty Ltd Approving CEMP including CTMP 22 MAY 2020	COMPLIANT
B16.	<p>The Applicant must:</p> <ul style="list-style-type: none"> (a) not commence construction of the development until the CTMP required by condition B15 is approved by the Planning Secretary; and (b) implement the most recent version of the CTMP approved by the Planning Secretary for the duration of construction. 	Prior to Construction	EC to sight DPIE Approval of CTMP	Letter from DPIE to GPS Aus Pty Ltd Approving CEMP including CTMP 22 MAY 2020	COMPLIANT
Operational Traffic Management Plan					
B17.	<p>The Applicant must prepare an Operational Traffic Management Plan (OTMP) for the development. The OTMP must form part of the OEMP required by condition C5 and must:</p> <ul style="list-style-type: none"> (a) be prepared by a suitably qualified and experienced expert, in consultation with Council and TfNSW; 	During Operations			NOT TRIGGERED

	<p>(b) detail the numbers and frequency of truck movements, sizes of trucks, vehicle routes and hours of operation;</p> <p>(c) include measures to maintain road safety and network efficiency;</p> <p>(d) detail measures to minimise noise from development related traffic, including, procedures for receiving and addressing complaints from the community about development related traffic and noise;</p> <p>(e) include a Driver’s Code of Conduct that addresses:</p> <p>(i) designated routes, ensuring no use of Bakers Lane or Aldington Road for operational access;</p> <p>(ii) travelling speeds and adherence to site-specific speed limits;</p> <p>(iii) procedures to ensure drivers adhere to designated heavy vehicle routes; and</p> <p>(iv) procedures to ensure drivers implement safe driving practices.</p>				
B18.	<p>The Applicant must:</p> <p>(a) not commence operation of the development until the OTMP required by condition B17 is approved by the Planning Secretary; and</p> <p>(b) implement the most recent version of the OTMP approved by the Planning Secretary for the duration of operation.</p>	During Operations			NOT TRIGGERED
Operating Conditions					
B19.	<p>The Applicant must ensure:</p> <p>(a) all access points, internal driveways, turning areas and parking are designed and constructed in accordance with the latest version of <i>AS 2890.1:2004 Parking facilities off-street car parking</i> (Standards Australia, 2004) and <i>AS 2890.2:2002 Parking facilities Off-street commercial vehicle facilities</i> (Standards Australia, 2002);</p> <p>(b) the swept path of the longest vehicle entering and exiting the site, as well as manoeuvrability through the site, is in accordance with the relevant Austroads guidelines;</p> <p>(c) the development does not result in any vehicles queuing on the public road network;</p> <p>(d) heavy vehicles and bins associated with the development are not parked on local roads or footpaths in the vicinity of the site;</p> <p>(e) all vehicles are wholly contained on site before being required to stop;</p> <p>(f) all loading and unloading of materials is carried out on site;</p> <p>(g) the proposed turning areas in the car park are kept clear of any obstacles, including parked cars, at all times.</p>	During Operations			NOT TRIGGERED
Parking					

B20.	The Applicant must provide sufficient parking facilities on site for heavy vehicles and for site personnel, to ensure that traffic associated with the development does not utilise public and residential streets or public parking facilities.	During Operations			NOT TRIGGERED
------	--	-------------------	--	--	---------------

NOISE

HOURS OF WORK

B21.	<p>The Applicant must comply with the hours detailed in Table 2, unless otherwise agreed in writing by the Planning Secretary.</p> <p>Table 2 Hours of Work</p> <table border="1"> <thead> <tr> <th>Activity</th> <th>Day</th> <th>Time</th> </tr> </thead> <tbody> <tr> <td>Construction</td> <td>Monday – Sunday</td> <td>6 am to 10 pm</td> </tr> <tr> <td>Concrete works (internal to building only)</td> <td>Monday – Sunday</td> <td>3 am to 10 pm</td> </tr> <tr> <td>Operation</td> <td>Monday – Sunday (including public holidays)</td> <td>24 hours</td> </tr> </tbody> </table> <p><i>Note: Concrete works (internal to building only) include concrete pours inside Building 2B, following the installation of all building walls and the building roof.</i></p>	Activity	Day	Time	Construction	Monday – Sunday	6 am to 10 pm	Concrete works (internal to building only)	Monday – Sunday	3 am to 10 pm	Operation	Monday – Sunday (including public holidays)	24 hours	During Construction	EC to monitor works against requirements of the approved CEMP	<p>Access to site currently</p> <p>6am -7pm Monday- Friday</p> <p>6am- 3am Saturday</p> <p>Nil-Sunday</p> <p>Controlled by Gate Pass-Key Security</p> <p>Gates closed and notifications out of ours confirm no entry possible</p>	COMPLIANT
Activity	Day	Time															
Construction	Monday – Sunday	6 am to 10 pm															
Concrete works (internal to building only)	Monday – Sunday	3 am to 10 pm															
Operation	Monday – Sunday (including public holidays)	24 hours															
B22.	<p>Works outside of the hours identified in condition B21 may be undertaken in the following circumstances:</p> <p>(a) works that are inaudible at the nearest sensitive receivers;</p> <p>(b) for the delivery of materials required outside these hours by the NSW Police Force or other authorities for safety reasons; or</p> <p>(c) where it is required in an emergency to avoid the loss of lives, property or to prevent environmental harm.</p>	During Construction	EC to monitor works against requirements of the approved CEMP	Nil Out of Hours Works	NOT TRIGGERED												

Operational Noise Limits

B23.	<p>The Applicant must ensure that noise generated by operation of the development does not exceed the noise limits for the OWE, as shown in Table 3.</p> <p>Table 3 Noise Limits dB(A)</p> <table border="1"> <thead> <tr> <th>Loction</th> <th>Day LAeq(15 minute)</th> <th>Evening LAeq(15 minute)</th> <th>Night LAeq(15 minute)</th> <th>Night LAMax</th> </tr> </thead> <tbody> <tr> <td>N1 N1 Emmaus Village Residential Emmaus Village Residential</td> <td>44</td> <td>43</td> <td>41</td> <td>52</td> </tr> <tr> <td>N3 Kemps Creek – nearest residential property</td> <td>39</td> <td>39</td> <td>37</td> <td>52</td> </tr> </tbody> </table>	Loction	Day LAeq(15 minute)	Evening LAeq(15 minute)	Night LAeq(15 minute)	Night LAMax	N1 N1 Emmaus Village Residential Emmaus Village Residential	44	43	41	52	N3 Kemps Creek – nearest residential property	39	39	37	52	During Operation			NOT TRIGGERED
Loction	Day LAeq(15 minute)	Evening LAeq(15 minute)	Night LAeq(15 minute)	Night LAMax																
N1 N1 Emmaus Village Residential Emmaus Village Residential	44	43	41	52

All other non-associated residences	402	352	352	52																
N2 Emmaus Catholic College (school)	When in use: 45 Leq(1h)																			
B24.	The noise limits in Table 3 do not apply to receivers N3, N4 & N5 if the Applicant has Noise Agreement/s with the relevant landowner/s to exceed the noise limits, and the Applicant has provided written evidence to the Planning Secretary that agreement/s are in place.	During Operation																		
Design and Validation																				
B25.	The Applicant shall design and install all rooftop mechanical plant and services to ensure cumulative noise levels do not exceed 37 dB(A) at the western site boundary or 41 dB(A) at the southern site boundary. The Applicant shall provide written evidence to the satisfaction of the Planning Secretary, prior to the commencement of operation, confirming that rooftop mechanical plant and services have been installed to achieve these noise levels.	Prior to Commencement of Operation			NOT TRIGGERED															
B26.	Within 6 months of the commencement of operation, the Applicant must undertake noise validation monitoring to confirm the rooftop mechanical plant and services comply with the predictions in the EIS, to the satisfaction of the Planning Secretary. If the results of monitoring show that noise from the development is exceeding the noise limits in Condition B23, the Applicant must investigate and implement all reasonable and feasible noise mitigation measures to achieve compliance.	Within 6 Month of Commencement of Operation			NOT TRIGGERED															
Construction Noise																				
B27.	The Applicant must implement all feasible and reasonable noise mitigation measures to minimise construction noise from the development. Any activities that could exceed the construction noise management levels detailed in the <i>Interim Construction Noise Guideline</i> (DECC, 2009), must be identified and managed in accordance with the Construction Noise Management Plan required by condition B30.	During Construction	EC to review application, Monitoring and reports in accordance with the approved CNMP	EC (SSD 10397) Regular site inspections and reviews of noise monitoring data at western boundary ER (SSD 7348) Site inspection	COMPLIANT															

Oakdale West Industrial Estate: Stage 2: SSD 10397 Construction Compliance Report

				confirm noise mitigation measures in place at project boundaries	
B28	The Applicant must maintain the temporary noise curtain installed adjacent to Emmaus Catholic Care Village for the duration of construction, unless otherwise agreed with the Planning Secretary, or until such time as the permanent noise wall shown in Appendix 2 is completed.	During Construction	EC to confirm installation of Temporary Noise Curtain	ER (SSD 7348) Regular site inspection confirm noise mitigation measures in place at project boundaries	COMPLIANT
B29.	The Applicant must maintain a real-time noise monitor at the western boundary of the site for the duration of construction. Where monitoring identifies any exceedance of the construction noise management levels, the Applicant must implement further feasible and reasonable mitigation measures to reduce construction noise levels. The environmental representative for the OWE must review and provide the results of noise monitoring to the Planning Secretary on request, including details of the measures taken to minimise noise to ensure compliance with the noise goals.	During Construction	ER from SSD 7348 to confirm installation & maintenance of real time noise monitor ER from SSD7348 to track and maintain results of noise monitoring provided by principal or their contractors	EC (SSD 10397) Monthly reviews of noise monitoring data at western boundary. Monthly data retained by EC	COMPLIANT
Construction Noise Management Plan					
B30.	The Applicant must prepare a Construction Noise Management Plan (CNMP) for the development to the satisfaction of the Planning Secretary. The CNMP must form part of the CEMP in accordance with condition C2 and must: (a) be prepared by a suitably qualified and experienced noise expert; (b) be approved by the Planning Secretary prior to the commencement of construction; (c) describe procedures for achieving the noise management levels in EPA's <i>Interim Construction Noise Guideline</i> (DECC, 2009), as may be updated or replaced from time to time; (d) describe the measures to be implemented to manage noise generating activities during sensitive periods, including evenings, night-time and on Sundays, including but not limited to: (i) maintenance of the temporary noise curtain along the western boundary of the Emmaus Catholic Care Village for the duration of construction; (ii) minimising coinciding use of multiple high noise generating equipment; (iii) orienting noisy equipment away from the sensitive receivers on the western boundary; (iv) ensuring concrete trucks for internal concreting works (between 3 am and 6 am) are located to the east of Building 2B to maximise noise shielding for the Emmaus Catholic Care	Prior to Construction	EC to sight preparation of CNMP and submission to Planning Secretary	Letter from DPIE to GPS Aus Pty Ltd Approving CEMP including CNMP 22 MAY 2020	COMPLIANT

SOIL AND WATER					
Discharge Limits					
B32.	The development must comply with section 120 of the POEO Act, which prohibits the pollution of waters.	At all times	EC to monitor application and reporting as per the approved CEMP	Regular inspections by EC	COMPLIANT
Erosion and Sediment Control					
B33.	The Applicant must prepare an Erosion and Sediment Control Plan (ESCP) for the development to the satisfaction of the Planning Secretary. The ESCP must form part of the CEMP required by condition C2 and must: (a) be prepared by a suitably qualified and experienced person(s); (b) be generally consistent with the Erosion and Sediment Control Plan(s) for the OWE; (c) include detailed erosion and sediment controls developed in accordance with the relevant requirements of <i>Managing Urban Stormwater: Soils and Construction – Volume 1: Blue Book</i> (Landcom, 2014) guideline; and (d) include procedures for maintaining erosion and sediment controls in efficient working order for the duration of construction, to ensure the development complies with condition B32.	Prior to Construction	EC to sight preparation of ESCP and submission to Planning Secretary	Letter from DPIE to GPS Aus Pty Ltd Approving CEMP including ESCP 22 MAY 2020	COMPLIANT
B34.	The Applicant must: (a) not commence construction of the development until the ESCP required by condition B33 is approved by the Planning Secretary; and	Prior to Construction	EC to sight preparation of ESCP and submission to Planning Secretary	Letter from DPIE to GPS Aus Pty Ltd Approving CEMP including ESCP 22 MAY 2020	COMPLIANT
	(b) implement the most recent version of the ESCP approved by the Planning Secretary for the duration of construction.	During Construction	EC to review application, Monitoring and reports in accordance with the approved ESCP. EC to review and confirm most recent version of ESCP is being implemented	Regular and ongoing site inspections by EC	COMPLIANT
B35.	The Applicant must install the erosion and sediment control measures approved in accordance with Condition B34, prior to the commencement of construction.	During Construction	EC to review application, Monitoring and reports in accordance with the approved ESCP	Qanstruct CPESC Inspection and report 24 June 2020 EC site inspection 2 JULY 2020	COMPLIANT
Stormwater Management System					
B36.	The Applicant must install and operate a stormwater management system for the development, to the satisfaction of the Planning Secretary. The system must: (a) be designed by a suitably qualified and experienced person(s);	Prior to Operation	EC to sight certification of stormwater design engineer		NOT TRIGGERED

	(b) be generally consistent with the <i>Civil, Stormwater and Infrastructure Services Report</i> , prepared by AT&L, dated January 2020; (c) be in accordance with applicable Australian Standards and Penrith City Council's <i>Design Guidelines for Engineering Works, Water Sensitive Urban Design Policy December 2013</i> and <i>Water Management Development Control Plan</i> ; (d) ensure peak stormwater flows from the site do not exceed pre-development flows in any downstream areas for all rainfall events up to and including the 1 in 100-year average recurrence interval; (e) ensure peak stormwater flows from the site do not exceed existing flows in the Water NSW drainage lines and water pipelines corridor; and (f) incorporate rainwater harvesting measures to supplement non-potable water demand for the development.				
B37.	All stormwater drainage infrastructure on the site, including bio-retention basins, shall remain under the care, control and ownership of the registered proprietor of the lots.	Operations			NOT TRIGGERED
AIR QUALITY					
Dust Minimisation					
B38.	The Applicant must take all reasonable steps to minimise dust generated during all works authorised by this consent.	During Construction	EC to monitor application and reporting as per the approved CAQMP & CEMP	Regular and ongoing site inspections by EC	COMPLIANT
B39.	During construction, the Applicant must ensure that: (a) exposed surfaces and stockpiles are suppressed by regular watering; (b) all trucks entering or leaving the site with loads have their loads covered; (c) trucks associated with the development do not track dirt onto the public road network; and (d) public roads used by these trucks are kept clean.	During Construction	EC to monitor application and reporting as per the approved CAQMP ESCP & CEMP	Regular and ongoing site inspections by EC	COMPLIANT
Construction Air Quality Management Plan					
B40.	Prior to the commencement of construction, the Applicant must update the Construction Air Quality Management Plan (CAQMP) for the OWE, to include the development. The updated CAQMP must: (a) be prepared by a suitably qualified and experienced person(s); (b) identify the control measures to be implemented to minimise emissions from all construction sources; (c) detail procedures for measuring the performance of the control	Prior to Construction	EC to sight CAQMP and acceptance by the Planning Secretary	Letter from DPIE to GPS Aus Pty Ltd Approving CEMP including CAQMP 22 MAY 2020	COMPLIANT

Oakdale West Industrial Estate: Stage 2: SSD 10397 Construction Compliance Report

	measures and triggers for implementing additional reasonable and feasible measures, if required, to minimise emissions; and (d) include procedures for complaints handling and response.				
B41.	The Applicant must: (a) not commence construction of the development until the updated CAQMP required by condition B40 is approved by the Planning Secretary; and (b) implement the most recent version of the CAQMP approved by the Planning Secretary for the duration of construction.	Prior to Construction	EC to sight CAQMP and acceptance by the Planning Secretary EC to review and confirm revision of CAQMP implemented	Letter from DPIE to GPS Aus Pty Ltd Approving CEMP including CAQMP 22 MAY 2020	COMPLIANT
WASTE MANAGEMENT					
Waste Storage					
B42.	Waste must be secured and maintained within designated waste storage areas at all times and must not leave the site onto neighbouring public or private properties.	At all times	EC and Snr Project Managers Delegate to regularly inspect site	Regular and ongoing site inspections by EC	COMPLIANT
Waste Management Plan					
B43.	The Applicant must implement the Waste Management Plan (WMP) in the EIS for the duration of construction and operation of the development.	During Construction & Operation	EC and Snr Project Managers Delegate to regular inspect site and monitor implementation of the WMP	Letter from DPIE to GPS Aus Pty Ltd Approving CEMP including WMP 22 MAY 2020	COMPLIANT
Statutory Requirements					
B44.	The Applicant must assess and classify all liquid and non-liquid wastes to be taken off site in accordance with the latest version of EPA's <i>Waste Classification Guidelines Part 1: Classifying Waste (EPA, 2014)</i> and dispose of all wastes to a facility that may lawfully accept the waste.	During Construction & Operation	EC and Snr Project Managers Delegate to regular inspect site and monitor implementation of the WMP	Letter from DPIE to GPS Aus Pty Ltd Approving CEMP including WMP 22 MAY 2020 EC Sighted Waste Management Reports from Waste Contractor (AUG 2020)	COMPLIANT
B45.	Waste generated outside the site must not be received at the site for storage, treatment, processing, reprocessing, or disposal.	During Construction	EC and Snr Project Managers Delegate to regular inspect site and monitor implementation of the WMP and FIP	Letter from DPIE to GPS Aus Pty Ltd Approving CEMP including WMP 22 MAY 2020	COMPLIANT
BUSHFIRE PROTECTION					
B46.	The Applicant shall ensure the development complies with: (a) the relevant provisions of <i>Planning for Bushfire Protection 2006</i> ;	Operations			NOT TRIGGERED

	(b) the construction standards and asset protection zone requirements recommended in the Oakdale Industrial Estate - West Bushfire Protection Assessment, prepared by Australian Bushfire Protection Planners Pty Ltd, dated September 2016 and updated 13 January 2020; and (c) AS2419.1 – 2005 Fire Hydrant Installations for firefighting water supply.				
HAZARDS AND RISK					
Dangerous Goods					
B47.	The quantities of dangerous goods stored and handled at the site must be below the threshold quantities listed in the Department of Planning’s <i>Hazardous and Offensive Development Application Guidelines – Applying SEPP 33</i> at all times.	Operations			NOT TRIGGERED
Bunding					
B48.	The Applicant must store all chemicals, fuels and oils used on site in appropriately bunded areas in accordance with the requirements of all relevant Australian Standards, and/or EPA’s <i>Storing and Handling of Liquids: Environmental Protection – Participants Manual</i> (Department of Environment and Climate Change, 2007).	At all times	EC to regularly inspect and monitor site activities against approved CEMP	Regular and ongoing site inspections by EC confirms compliance	COMPLIANT
HERITAGE					
Unexpected Finds Protocol					
B49	If any item or object of Aboriginal heritage significance is identified on site: (a) all work in the immediate vicinity of the suspected Aboriginal item or object must cease immediately; (b) a 10 m wide buffer area around the suspected item or object must be cordoned off; and (c) the Biodiversity and Conservation Division of the Department must be contacted immediately.	During Construction	EC to regularly inspect and monitor site activities against approved CEMP		NOT TRIGGERED
B50.	Work in the immediate vicinity of the Aboriginal item or object may only recommence in accordance with the provisions of Part 6 of the <i>National Parks and Wildlife Act 1974</i> (NSW).	During Construction	EC to regularly inspect and monitor site activities against approved CEMP		NOT TRIGGERED
B51.	If any archaeological relics are uncovered during construction of the development, then all works in the immediate vicinity of the relic must cease immediately. Unexpected finds must be evaluated and recorded in accordance the requirements of Department of	During Construction	EC to regularly inspect and monitor site activities against approved CEMP		NOT TRIGGERED

	Premier and Cabinet, Heritage Division.				
COMMUNITY ENGAGEMENT					
B52.	The Applicant must consult with the community regularly throughout the development, including consultation with the nearby sensitive receivers identified in Appendix 2 , relevant regulatory authorities, Registered Aboriginal Parties and other interested stakeholders. Community engagement shall be undertaken in accordance with the Community Communication Strategy for the OWE.	During Construction	EC to regularly inspect and monitor site activities against approved CEMP including CCS		NOT TRIGGERED
PART C - ENVIRONMENTAL MANAGEMENT, REPORTING AND AUDITING					
ENVIRONMENTAL MANAGEMENT					
Management Plan Requirements					
C1.	Management plans required under this consent must be prepared in accordance with relevant guidelines, and include: (a) details of: (i) the relevant statutory requirements (including any relevant approval, licence or lease conditions); (ii) any relevant limits or performance measures and criteria; and (iii) the specific performance indicators that are proposed to be used to judge the performance of, or guide the implementation of, the development or any management measures; (b) a description of the measures to be implemented to comply with the relevant statutory requirements, limits, or performance measures and criteria; (c) a program to monitor and report on the: (i) impacts and environmental performance of the development; and (ii) effectiveness of the management measures set out pursuant to paragraph (c) above; (d) a contingency plan to manage any unpredicted impacts and their consequences and to ensure that ongoing impacts reduce to levels below relevant impact assessment criteria as quickly as possible; (e) a program to investigate and implement ways to improve the environmental performance of the development	Prior to Construction	Management plans will be prepared by suitably qualified experts to satisfy the condition and submitted to the Planning Secretary for review. EC to review all management plans prior to submission to the Planning Secretary.	Letter from DPIE to GPS Aus Pty Ltd Approving CEMP including all sub plans 22 MAY 2020	COMPLIANT

	<p>over time;</p> <p>(f) a protocol for managing and reporting any:</p> <p>(i) incident and any non-compliance (specifically including any exceedance of the impact assessment criteria and performance criteria);</p> <p>(ii) complaint;</p> <p>(iii) failure to comply with statutory requirements; and</p> <p>(g) a protocol for periodic review of the plan.</p> <p><i>Note: the Planning Secretary may waive some of these requirements if they are unnecessary or unwarranted for particular management plans.</i></p>				
CONSTRUCTION ENVIRONMENTAL MANAGEMENT PLAN
